<p>25.11.20</p> <p>NEW: Managing/directing additional adults and interventions</p>	<p>1.00-3.00</p> <p>VIA ZOOM</p> <p>Anita Devi - SEND Specialist</p>	<p>Developing as a SEND practitioner / leader is an on-going journey throughout your career as a teacher. In this session, Anita Devi will share practical approaches to effectively manage and direct additional adults in the classroom to support all children. This will be undertaken by deconstructing the graduated approach to ensure additional adults are effectively deployed to enhance assessment and delivery of interventions.</p> <p>“The class or subject teacher should remain responsible for working with the child on a daily basis. Where the interventions involve group or one-to-one teaching away from the main class or subject teacher, they should still retain responsibility for the pupil. They should work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.”</p> <p>0-25 years SEND Code of Practice, DfE 2015 (6.52 p101)</p>	<p>Partnership Schools - £0 Non-Partnership Schools - £60 per session or £500 for the whole programme</p>

In this session, Anita Devi will model and share different approaches to managing a learning environment with a high number of needs.
